

18" MULTI COLOURED KIDS WALL CLOCK (I 9101)

$49.95

Looking for a fun way to teach your kids how to tell time and transform their room decor? Then this colorful and whimsical 18" round wall clock will make an eye-catching addition that your kids will adore! This vibrant contemporary wall clock features a playful multi-colored face and easy to read numeric display so they can learn to tell time with confidence. Designed with a striking blue frame that complements any juvenile setting, this decorative piece effortlessly enhances your child's bedroom or playroom aesthetics. With its non-ticking quartz movement, you'll experience accurate timekeeping without any distractions, making it perfect for quiet moments or study time. Protected with a sleek glass surface and a durable plastic frame, this wall clock is designed to withstand the energetic lifestyle of children. Plus, there's no assembly required, just insert 1xAA battery (not included), and watch it spring to life! For indoor use only, add a splash of color and charm to your little one's room with this vibrant wall clock, where every glance at the time becomes a delightful experience!
