

**20" WALL CLOCK (BLACK) - I 9064****\$99.95**

Uplift your home decor with this stylish 20" round wall clock featuring a unique gear mechanism design. The durable, black plastic frame with a glass surface, encircles a skeleton face clock with easy to read roman numeric markings and bronze metal moving gears against a white printed surface, complements any mid-century modern or transitional space. The black analog metal hands have a non-ticking mechanism, and the quartz movement guarantees accurate timekeeping. With no assembly required for this decorative clock, simply insert 3 AA batteries (not included) and enjoy the beauty of this piece. Upgrade your space with this eye-catching accent that combines style and functionality effortlessly. For indoor use only.
