

23" WALL CLOCK (BROWN) - I 9070

\$99.95

Enhance your home decor with this stylish 23" round wall clock in brown, featuring a unique gear mechanism design. This decorative piece is crafted with a durable dark brown plastic frame and a clear glass surface over the easy to read, printed roman numeric markings. The quartz movement on this analog ensures accurate timekeeping, while the moving bronze gears adds a unique vintage touch to this transitional style, non-ticking clock. No assembly is required, simply insert 3 AA batteries (batteries not included), hang it up and let this clock become the focal point of your space. Transform that wall decor with this chic wall clock if you are looking to add a stylish and functional piece that combines classic design with modern features. For indoor use only.
