

30" GEAR WALL CLOCK (BLACK) - I 9029

\$169.95

Add some sophistication to your home decor with this stunning 30" round wall clock with an exposed gear mechanism. The sleek black plastic frame on this large, oversized clock surrounds a clear glass surface showcasing the metal gears in motion, for a stylish look to any home decor. This non-ticking decorative clock features a quartz movement for accurate timekeeping without sound, while the analog display makes it easy to read at a glance. With no assembly required, this clock is powered by 3 AA batteries (not included). You can trust the quality and craftsmanship of this transitional timepiece while adding a touch of sophisticated vintage to your decor. For indoor use only.
