

30" GEAR WALL CLOCK (BROWN) - I 9023

\$169.95

Add some industrial chic to your home with this stunning 30" round wall clock with a moving gear mechanism, perfect for making a statement in a transitional space from the living room to the office. This large, oversized clock features a durable plastic frame in a warm dark brown finish and a clear glass surface for a sleek finish. The functioning metal gears add a unique touch to the deconstructed vintage design, while the easy to read analog display can be spotted at a distance. With a quartz movement for accurate timekeeping and a non-ticking operation, this clock is both functional and decorative. No assembly required, just drop in 3 AA batteries (not included), hang it up and enjoy a hassle-free addition to your home decor. For indoor use only.
