Style and storage all in one.

The 5-shelf bookcase from Sauder® finished in the timeless beauty of Select Cherry is designed to enhance the home with its sophisticated style and steadfast functionality. With three adjustable shelves, this engineered wood bookcase provides customizable storage of books, kitchen pantry items, craft supply surplus, bathroom essentials, and more. This display bookcase not only provides ample storage, but also illustrates that small design elements can make a big difference in interior style. The enclosed back panel of this living room bookcase hides unsightly cords ensuring a tidy appearance. This classically charming and versatile display bookcase is a must-have for any place from the living room to the home office, the bedroom, the utility room, or even the bathroom. This 5-shelf bookshelf offers the little details that go an extra mile for interior style, featuring simple yet elegant arch moldings, that will add a touch of classic charm to any room.
