---

This home office desk offers plenty of space for a computer and other work items.

Nearly everyone has a dedicated spot in the home for desking and office duties. Make your space stand out with this double pedestal desk from the Aspen Post® collection. This home office computer desk is fitted with a durable, 1" thick top that provides plenty of room for a laptop, cup full of pens, a lamp, as well as a framed photo. On the left side of this desk with open storage is an adjustable shelf to accommodate binders, papers, or organizers of various sizes. This pedestal desk with drawer allows you to keep documents organized with a file drawer. It glides on full extension metal slides and holds letter or legal-size hanging files. On the right side of this desk is hidden storage behind a door. The area includes an adjustable shelf and can accommodate a CPU tower. Convenient cord management includes desk top grommet pass-throughs, so your workspace is free of cord clutter. Finished in a distressed Pebble Pine®, this home office desk will fit seamlessly into the home while adding a touch of a rustic aesthetic.
