

COMPUTER DESK - GLOSSY WHITE/CHROME (I 7211)

~~\$299.95~~ **\$269.95**

This widely-applicable modern desk finished in glossy white is equally functional as a computer desk, writing table or study centre.

This widely-applicable modern desk finished in glossy white is equally functional as a computer desk, writing table or study centre. Sized for small homes, apartments or condos, space saving is a breeze thanks to this piece that is supported by a sturdy chrome metal X-design base to ensure stability and a comfortable work environment. This office desk is equipped with two convenient and easy-open storage drawers for all you need to store away while not in use. With lots of space to push the chair in, the desk is compact and the thick panel top has the perfect amount of surface space for a laptop/tablet, lamp, notebook and some important supplies to get the job done.
