METAL BED FRAME - 755DGL (DOUBLE SIZE)

\$85.00

Metal bed frame with 4 long metal glides - can attach a headboard and footboard to this frame - Double Mattress size.

This type of frame can be used if you want to install a headboard and footboard. It has nuts & bolts assembly which allows for a more precise adjustment than an interlock frame. Comes with 4 long metal glides - which is recommended for hardwood and laminate floors as the plastic bottom will not mark flooring. The standard height is 7 1/4" from the floor. Frame fits a double mattress set.

- **Manufacturer:** JULIEN BEAUDOIN
- **Product Type:** Bed Frame

DIMENSIONS

755D Will fit 54" mattress set
