Base de métal 950GL (écrous et boulons)
950GL Metal bed frame (bolts and nuts)

METAL BED FRAME - 950GL (3 SIZES)

\$99.95

Comes with 4 long metal glides - which is recommended for hardwood and laminate floors as the plastic bottom will not mark flooring. - adjustable to fit boxspring and mattress from twin to double.

This type of frame can be used if you have a mattress/box spring set only, or if you install a headboard only. It has nuts & bolts assembly which allows for a more precise adjustment than an interlock frame. Comes with 4 long metal glides - which is recommended for hardwood and laminate floors as the plastic bottom will not mark flooring. The standard height is 7 1/4" from the floor. Frame can be adjusted to fit a twin mattress, 3/4 mattress or double mattress set.

- **Manufacturer:** JULIEN BEAUDOIN
- **Product Type:** Bed Frame
