

METAL BED FRAME - 961XLGL (TWIN, DOUBLE & QUEEN)

\$129.95

Metal bed frame with 6 long metal glides (not casters as shown in display picture) - can attach a headboard to this frame or use alone with mattress/boxspring - Twin, Double or Queen Mattress sizes.

This type of frame can be used if you have a mattress/box spring set only, or if you install a headboard only. It has an interlock assembly which allows for an easier and quicker assembly of your bed frame. Comes with 6 long metal glides - which is recommended for hardwood and laminate floors as the plastic bottom will not mark flooring. The standard height is 7 1/8" from the floor. Frame fits a from a twin to queen mattress set. (Centre support and 2 glides not required for smaller bed).

- **Manufacturer:** JULIEN BEAUDOIN
