

METAL BED FRAME - ULTIMAX 1100 (QUEEN AND KING SIZES)

\$199.95

Metal bed frame comes with 2 locking casters and 2 regular casters plus 8 long metal glides - can attach a headboard and/or headboard/footboard to this frame - Queen and King Mattress size.

This type of frame can be used if you want to install a headboard only or a headboard and footboard. The Ultimax has 2 centre supports for maximum sturdiness and greater hold for split boxsprings. It has an interlock assembly which allows for an easier and quicker assembly of your bed frame. Comes with 2 regular casters and 2 locking casters and 8 long metal glides - which allows you the option of using casters on the ends or glides, depending on your flooring. The standard height is 7 1/4" from the floor. Frame can be adjusted to fit a queen or king mattress set.
