

SELECT COMPUTER DESK - MYSTIC OAK (433953)

\$399.95

This home office desk offers plenty of space for a computer and other work items.

Simple, but effective. And oh, so popular. This computer desk with drawers from the Sauder Select collection is the perfect work from home solution. With style and function plentiful, this home office desk features a slide-out keyboard/mouse shelf with metal runners and safety stops to keep the surface workspace free, while providing the user with important ergonomic benefits. A double pedestal desk, one side features two easy gliding drawers. The top drawer provides storage space for pens, paperclips, note pads, envelopes and more. The lower drawer is a filing cabinet which can hold letter or European sized hanging files, allowing your most important documents to be organized and easy to find. The opposite pedestal of this computer desk with storage contains space behind the door, which can hold a vertical CPU tower, and includes an adjustable shelf to customize your storage to your size and space preferences. The computer desk with keyboard shelf can be assembled in a snap with a T-slot drawer system, with concise storage and plenty of surface workspace for even the smallest office space. Finished all over in Mystic Oak® with a contrasting Raven Oak® top surface, this computer desk has a look that stands out in any home office setting.
