

STEEL RIVER LIFT TOP COFFEE TABLE - CARBON OAK (425671)

~~\$399.95~~ \$199.95

Give your home a beautiful center piece when you add the industrial inspired style and functional design of this lift-top coffee table from the Steel River® collection.

Every living room deserves a stylish coffee table. Give your home a beautiful center piece when you add the industrial inspired style and functional design of this lift-top coffee table from the Steel River® collection. This rustic coffee table features a unique design that allows the top to lift up and move forward to create a versatile surface for you to work on projects, browse on your laptop, or enjoy a yummy supper all from the comfort of your own couch. Beneath the lift-top is a hidden storage area that is perfect for storing items like your favorite novel, stacks of magazines, and a spare blanket. The lower open shelf provides you with additional space to store items like storage bins and display home décor items. This coffee table with lift top features a textured, powder coated metal frame and corner accents for an extra touch of detail. The perfect coffee table with storage, it is also finished on all sides for versatile placement throughout your home. Finished in Carbon Oak, this lift-top coffee table is sure to stand out in your home.
