C03 UPRIGHT ADIRONDACK

If you have trouble getting in and out of an Adirondack but love the traditional style then this upright Adirondack is the chair for you. The arms are higher and the seat has been raised to create less slope. Otherwise, it's just the same great chair! Made from high density polyethylene (HDPE) plastic blended with pigment so the colour goes through the whole chair. Commercial grade adirondacks that can be left outside year round. Each chair weighs 58lb/26.3kg.

Proudly Made in Canada! Available in a variety of colours.
